Monessen's Favorite--HAGAN'S ICE CREAM--KIRK'S STORES

"There are too many foreigners in the town for me to advertise," is what a solicitor gets hurled at him some times. Every gazaboo that ever said that has gone out of business because he harbored such thoughts. The gobblins will get you if you don't watch out.

Daily Independent

They are not doing all the killing over in Europe. A lot of people right here in Monessen are killing time. God created time and don't you dare try to kill it. You are trying though if you don't advertise.

VOL. 14, NUMBER 7 MONESSEN, PA., MONDAY, JUNE 21, 1915. SIX CENTS THE WEEK

Negro Made Brutal Attack On Aged Couple

A brutal attack was made on Mr. and Mrs. Joseph Smith, an aged couple who reside in a small shanty, a short distance below the Henderson coal mine, south of town at an early hour Sunday morning, by a negro who gained entrance to the home with the intention of committing a robbery.

According to Mrs. Smith, her husband was aroused about 4 o'clock in the morning by someone knocking at the door, and when Mr. Smith answered, the negro grabbed him by the arm and demanded that he hand over the money that was in the house. The aged man denied that there was any money in the house, and the two wrestled for some time before the negro pulled his revolver and struck him above the eye. The blow, however, only dazed the old man temporarily and he came back at the negro who then shot him at close range, the bullet entering the neck.

Mrs. Smith aroused by the scuffle, went to the assistance of her husband and felled the intruder with a blow from an ax. He then struck her with a stone on the side and then taking the butt end of his revolver, hit her over the head. As this did not loosen her hold on him, he grabbed her by the neck and strangled her until she fell limp to the floor, when he made his escape.

When she regained consciousness, she aroused neighbors by her screams and the police from this city were notified. The ambulance was called and the couple removed to the Monessen-Charleroi hospital, where the husband died at 12:15 yesterday afternoon, never regaining consciousness after he was shot. Mrs. Smith, whose injuries are not serious, is still in the hospital, and at the hearing held by the coroner of Washington county last night, made a statement in which she described the negro as being coffee colored, wearing a brown suit and a green hat, weighing about 180 or 190 pounds, and being about 5 feet, 8 or 10 inches tall. He had a short mustache and his hair was cut by the clippers. Constables J. A. Smith and E. L. Woolsey wer placed on the case, L. Woolsey were placed on the case, but as yet have secured no clue as to the whereabouts of the murderer.

Mr. and Mrs. Smith have lived for a number of years as recluses in a small hut and cave about half way between this city and Webster, and according to the woman had hopes of securing money in the near future from the sale of a small property which they owned in the south She also displayed the deed for the property on which their hut was located and stated that as soon as the money arrived, they expected to build a home It is supposed that the negro heard these stories and thinking that the money was in the house, made the attack.

Allegheny Defeated By Independents

Fully 2,000 fans gathered at the Page grounds Saturday to witness the opening of the baseball season here by the newly organized Independent base ball club, who had as their opponents the Allegheny Semi-Professionals. The game was delayed half an hour on account of the condition of the grounds, but promptly at four o'clock Umpire Riley announced the bateries with Ryan and Underwood working for the locals.

The visitors were the first to break into the run column when they crossed the plate with the first tally in the fourth inning and followed it up in the next inning with their second and last tally. With a two run lead and the game half over, the Independents got busy and by timely hitting coupled with a wild throw by the visitors' third baseman, they took the lead with three runs in the sixth inning, and the scoring was completed for the day.

Big Dan Ryan was at his best and brought himself out of several bad holes by striking out his opponents. McDowell helped "put the game on ice" with a slashing three base hit and Wilson, the fast third baseman from Fayette City was applauded numerous times for his clever work.

The local's lineup included Ryan in the box, Underwood, catching; Wilson on first; Carlson, second; McDowell, short; Guder, third; Vaughn, left; Barnim, center, and Hamilton, in right. Another good game will be scheduled for the local grounds Saturday.

No Sense Got Drunk And Fined

Frank Powell, an Assryrian, giving his home as Pittsburgh, was before the burgess for the second time within a week. He was charged with drunkenness. He plead guilty, but said "not much sense," pointing to a hole in his head he had received in an injury in a coal mine. He had $5.00 on his person. He was given $2.00 in change and allowed to go.

Charles Smock of Rostraver street, was charged with drunkenness. Mr. Smock had been a prisoner on the same charge before and was discharged without a fine. This morning he was assessed $1,00 and costs which he paid.

Andrew Malsch came over from Donora and took on too much liquid. He appeared very nervous and said that he came to Monessen for protection, as his boarding mistress was after him. He was sentenced to work three days on the streets.

Automobile Hits Bridge Driver Instantly Killed

Robert C. Peterson, age 28 years of Bunola, was instantly killed last night about 11:30 when an automobile which he was driving struck a bridge and fractured his skull by throwing him head foremost against the concrete siding. Mr. Peterson in a Ford automobile accompanied by his brother, Joseph Peterson and John Cochran of Monongahela in a Hupmobile were in Wilkinsburg yesterday visiting with relatves. On the return trip the Ford car took the lead and was going at a a speed of about 25 miles an hour when a tire blew out just as he was crossing a P. R. R. bridge near Coal Valley. He lost control of the car which dashed into the side of the bridge, throwing Mr. Peterson against the concrete side of the structure. The occupants of the other car hurried to the scene, but when they picked Mr. Peterson up he was dead. The body was removed to the undertaking rooms of J. Will Martin at Elizabeth.

San-Tox Tooth Paste

One of the most popular dental preparations which we have ever sold. Antiseptic, germicidal, cleansing a high grade tooth paste in every particular. It is easy for children to form the habit of cleaning teeth if this paste is used 25c a tube.

Carnegie Commission Investigating Case

Coroner H. Albert McMurray of Youngwood, was in town Friday evening and announced that the Carnegie Hero Commission had already taken up the matter of securing a medal for the John Hughes family, whose son met death while saving the life of his companion in the Monongahela river two weeks ago. He stated that the commission always took action on matters of this nature without any influence or interference from organizations or individuals and that he had been notified to have the reports of the drowning and rescue in this paper verified and that action would then be taken by the commission.

Lad Injured By Fall From Tree

Paul Banich, a twelve year old lad of Linden avenue. was seriously injured Saturday afternoon when a limb of a tree on which he had climbed, broke, throwing him to the ground a short distance. He fell on a sharp stone and his arm was almost severed. Several blood vessels were cut open and he almost died to death. before he was rushed to the office of Dr. T. B. Herron, who stopped the flow of blood and dressed the wound.

Satisfaction in a Self-shave

If you would make shaving a pleasure instead of a surgical operation, equip yourself with such shaving goods as we carry: Razors Safety Razors, Strops, Lather Brushes, Soaps, Toilet Waters, Lotions, Etc.

If you have never learned the art of shaving, you can easily start with Croscut's Safety Razor. You will find it a great convenience and time-saver on your vacation trip.

S. S. Class Will Give Excursion

The Isabelle Thoburn class of the M. E. Sunday school are planning an excursion on the steamer Sunshine on Saturday, July 10. This day gives more of the mill people a chance to go. As last year, all Sunday schools and churches will be invited. The boat is large and a large crowd can be accommodated. Capt. McNally did everything last year for the comfort of the people on board and has promised his personal attendance this year. Lunch will be sold on board by the class or you may pack your own basket. Prices will be 25c and 50c as last year.

CHILDRENS' VACATIONS

Little Talks on Health and Hygiene by Samuel G. Dixon, M. D. LL. D., Commissioner of Health

One ship drives east and another west
With the self same winds that blow;
'Tis the set of the sails and not the gales
That sends them the way they go.

With school over, several hundred thousand boys and girls are out for a three months' holiday.

After their winter's work in school, they need change and diversion and healthful exercise. Perhaps during the school year, like any parents, you have shifted the burden of your children's supervision upon their teachers. Now for three months the full responsibility must rest upon the parental shoulders.

It's a serious problem how boys and girls shall spend their vacations. Of course if you don't take a hand in it, they will settle the question for themselves. There are always other boys and girls, perhaps many of them that you are in no way acquainted with, and of course there are always both good and bad diversions at hand for healthy youngsters.

Through their parents' lack of interest many children form bad habits and cultivate evil associates during school vacations. Boys' and girls' minds need entertaining occupation and their bodies need plenty of healthful exercise. The parents should try to guide this natural craving and where circumstnaces make it possible to join in and share in some of the vacation amusements of their children.

While the majority of us continue our regular occupations, the summer usually offers some chance to get into the open and hark back to nature.

Every boy and girl naturally has something of the love of our primitive forefathers for the woods and streams. Cultivate this and share it. Since our schools have been teaching natural history, you will find them especially keen. They will have things of interest to tell you. And this will serve to give you an agreeable change and it will encourage the girls and boys to take an interest in the wonders of God's great out-of-doors. You can do nothing better for their health, enjoyment and future happiness than to stimulate their interest in these things.

BANKERS URGED TO CO-OPERATE WITH FARMERS

SOUL MATERIAL HAS ENTERED THE BANK VAULTS OF THE NATION.

The Bank a Financial Power House to the Community.

By Peter Radford.

One of the greatest opportunities in the business life of the nation lies in practical co-operation of the country banks with the farmer in building agriculture and the adventure is laden with greater possibilities than any forward movement now before the American public.

A few bankers have loaned money to farmers at a low rate of interest, and ofttimes without compensation, to buy blooded livestock, build silos, fertilize the land, secure better seed, hold their products for a betetr market price, etc. The banker in contributing toward improving the grade of livestock; the quality of the seed and the fertility of the soil, plants in the agricultural life of the community a fountain of profit, that, like Tennyson's brook, runs on and on forever.

Community Progress a Bank Asset.

The time was when money loaned on such a basis would severely test the sanity of the banker; such transactions would pain the directors like a blow in the face. A cashier who would dare to cast bread upon waters that did not return buttered side up in time for annual dividends would have to give way to a more capable man. This does not necessarily mean that the bankers are getting any better or that the milk of human kindnesss is being imbibed more freely by our financiers. It indicates that the bankers are getting wiser, becoming more able financiers and the banking industry more competent. The vision of the builder is crowding out the spirit of the pawnbroker. A light has been turned on a new world of investment and no usurer ever received as large returns on the investment as these progressive bankers, who made loans to uplift industry. The bankers have always been liberal city builders, but they are now building agriculture.

A Dollar With a Soul.

It is refreshing in this strenuous commercial life to find so many dollars with souls. When a dollar is approached to perform a task that does not directly yield the highest rate of interest, we usually hear the rustle of the eagle's wings as it soars upward; when a dollar is requested to return at the option of the borrower, it usually appeals to the Goddess of Liberty for its contractural rights; when a dollar is asked to expand in volume to suit the requirements of industry, it usually talks solemnly of its redeemer, but soul material has entered into the vaults of our banks and rate, time and volume have a new basis of reckoning in so far as the ability of some of the bankers permit them to co operate in promoting the business of farming.

God Almighty's Noblemen.

These bankers are God Almighty's noblemen. Heaven lent earth the spirit of these men and the angels will help them roll in place the cornerstones of empires. They are not philanthropists; they are wise bankers. The spirit of the builder has given them a new vision, and wisdom has visited upon them business foresight.

The cackle of the hen, the low of kine and the rustle of growing crops echo in every bank vault in the nation and the shrewd banker knows that he can more effectively increase his deposits by putting blue blood in the veins of livestock, quality in the yield of the soil and value into agricultural products, than by business handshakes, overdrafts and cardcalendars.

Taking the community into partnership with the bank, opening up a ledger account with progress, making thrift and enterprise stockholders and the prosperity of the country an asset to the bank put behind it stability far more desirable than a letterhead bearing the names of all the distinguished citizens of the community. The bank is the financial power house of the community and blessed is the locality that has an up-to-date banker.

The success of the nation is in the hands of the farmer.

Work for the best and the best will rise up and reward you.

Tenant farming is just one thing after another without a pay day.

Good Backs for Bad

Monessen Residents are Learning How To Exchange the Old Back for a Stronger One

Does your back ache, feel weak and painful?
Do you suffer headaches, languor and depressions?
Is the urine discolored, passage irregular?
The kidneys may be calling for help.
Weak kidneys cannot do their work.
Give them the help they need.
To cure a kidney backache you must cure the kidneys.
Use a tested and proven kidney remedy.
Convincing proof of merit in Monessen endorsement:

Mrs. Anna Conway, 508 Donner avenue, Monessen, says: "One of the family was always complaining of backache, which was probably brought on by hard work. Nothing brought relief until Doan's Kidney Pills were procured at the Hirsch Drug Co. They soon removed the trouble.

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Conway had. Foster Milburn Co., Buffalo, N. Y.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

MILLIONS THRONGING TO THE GREAT PANAMA-PACIFIC INTERNATIONAL EXPOSITION

Now Is the Time to Visit America's Huge Panama Canal Celebration at San Francisco; Be There When the Liberty Bell Arrives, July 16th; Marvelous Exhibits From All Corners of the Globe on Display.

MINIATURE BATTLESHIP BLOWN UP AND MINE EXPLOSION INTERESTING FEATURES IN TWO EXHIBITION PALACES

Amazing Voice Amplifier and Other Wonders of the World's Progress at the Great Panama-Pacific Canal Celebration—This Year the Year of All Years to Take Marvel Journey to the Pacific Coast.

FROM every part of the world visitors are thronging to the great Exposition at San Francisco. The Exposition there is the most comprehensive and interesting of all universal expositions, and it will probably be the last to be held within the present generation. Now is the time to see it.

The Panama-Pacific International Exposition, which opened on Feb. 20 last, has charmed the millions who have already beheld the magic city by the Golden Gate.

The marvels of the universe are displayed in the vast exhibit palaces, affording the most comprehensive summary of the world's progress ever disclosed. Many of the exhibits are as revolutionary in their character and mean as much to future generations as did the locomotive or telegraph when it was first introduced. The Audion amplifier, for example, makes it possible for a man in New York city to deliver an address through the telephone to a large audience in San Francisco, 3,000 miles away. Through the use of heat waves the intensity of the voice vibrations is increased to such an extent that, although the orator may deliver his address in a low voice into the telephone in New York, in San Francisco it is possible to increase the sound in volume sufficient to fill a large hall. On the other hand, the New York speaker's address may be distributed through telephonic receiving disks attached to each chair in the hall in San Francisco. In one of the exhibit palaces visitors may, without charge, hear a man in New York read from the headlines of the New York newspapers. This performance begins in the Palace of Liberal Arts each day at 3 o'clock.

The amazing voice amplifier is but one of many revolutionary scientific advances demonstrated at the Exposition. The invention has made possible the transcontinental telephone, and the principle which is applied has not been developed to its fullest extent. It is said that with the probable development of the long distance wireless telephone this new invention will make it possible to project the human voice halfway around the globe without the use of a telephone wire. Contrast the era sixty-five years ago, when the pioneer required months to cross the plains, with that of today, when the orator in New York may address his audience in San Francisco.

And there are many other developments as wonderful and as revolutionary, all revealing the trend of the world's progress in the arts, sciences and industries. If you are interested in mining, for example, beneath the floor of the vast Palace of Mines you may find a mine in operation, with its stopes and tunnels and shafts and compressed air drills. Wait a moment and you may witness an explosion in the mine. A gong rings; an ambulance dashes up with a corps of rescuers provided with respiratory apparatus, and effects a rescue.

In the Palace of Machinery you may see a miniature battleship blown up by a miniature mine patterned after one of the latest types of the submarine mine. In the Palace of Education you will see classes of students engaged in their studies, and perhaps you may be able to see Mme. Montessori, the celebrated Italian teacher, instructing classes of children. A great purpose of the Exposition is to show not only results and finished products, but the methods, processes and principles by which results are achieved. In the exhibit palaces and state buildings motion pictures are freely employed with this object in view. There are forty-three free cinematograph shows upon the Exposition grounds, and, by the way, there is no charge to enter the exhibit palaces. Once you have entered the Exposition grounds all the displays of the states and nations are spread before you. In the great Australian Pavilion and in the Palace of Manufactures gem cutters are to be seen at work, while exhibitions of a model postoffice in full operation, of a model laundry, of a paint manufacturing machine, of a broom manufactory in operation, of an automobile manufactory, with an almost endless succession of other operating machines, illustrate the advance in industrial processes. Man is becoming more and more a master of the machine, with the electrical current as the intermediary to lighten the burden of personal supervision.

If you are interested in what the foreign nations have accomplished you have only to visit the marvelous displays of the European countries or of those of the Orient or South America, Canada or Australia. Among the French displays you may, if you wish, behold priceless works of art never before exhibited in America and which at the Exposition find sanctuary from the ravages of war.

ALL AMERICA ON EXHIBITION THIS YEAR; RAILROADS GRANT LOW ROUND TRIP RATES TO SEE UNIVERSE'S MARVELS

Privileges of Routing Never Before Offered—Hotel Rates Average Less Than Those of Other Great Cities and 125,000 Rooms Available in Hotels and Apartment Houses in San Francisco.

THERE is something helpful and inspiring for every one at the Exposition. Said Vice President Marshall recently: "Whoever can, even at a sacrifice of something which for the moment appears necessary, should come to see a real work of art never equaled, even by a mirage. If there be any one in America with a thirst for knowledge and for beauty and a longing for a liberal education, such a one can obtain it here.

"This is the university of the world. It has a chair fully endowed to meet the wants and needs of each. The eye, the ear, the mind, the heart, the soul, each may have its horizon here enlarged. I came to bear a message. I remain to become a student. I leave the feet of this Gamaliel of all expositions with regret." And Miss Helen Keller, who, as all know, is both blind and deaf, having acquired the faculty of speech, although she has never heard any one speak, said of her visit to the Exposition that it was the most inspiring period of her life. Said Dr. Frederick J. V. Skiff: "Here the world is shown in epitome. The visitor from whatever realm here enters into his native land."

Apart from its costly and comprehensive displays, the great Exposition is an inspiration in itself. In its architectural beauty the Panama-Pacific International Exposition surpasses any of its predecessors. At night the great Tower of Jewels stands out satin-white, sparkling with a thousand changing colors, as batteries of searchlights play upon this pyramidal monument, the loftiest structure at the Exposition and as tall as the average thirty-five story city block. The coloring of the Exposition, the decorative lighting at night, the sculpture and the landscaping are all the work of foremost men in their respective fields.

At this writing the great Exposition is under full swing, and if you have not already made plans to see it early you should do so at once. Now is the time to visit the Exposition and the great Pacific coast region and, in so doing, to take advantage of the opportunity to make the most wonderful journey in the world in the most wonderful country on earth, the United States of America, under more favorable conditions of routing and travel than have ever prevailed before. The railroads are reducing rates from every part of America, and the low round trip rates will enable the visitor to come by one route and return by another. Thus you see the same parts of the country but once, and both your going and returning journeys are new and distinct travel trips.

Hot weather is unknown in San Francisco. Although flowers bloom the year round, it is as cool in summer as in winter, the average temperature being about 60 degrees. When you reach San Francisco you will, of course, wish to find accommodations without unnecessary delay, and, while you will find some accommodations necessarily much more expensive than others, you will be able to secure a room at a dollar a day and up. Indeed, one can find all sorts of rooms in the great city of San Francisco, which in reality is a much greater center than the census would indicate, since, with its neighboring cities around San Francisco bay, it forms a group of cities with a population of almost 1,000,000 persons. Hotel rates in San Francisco are no more than they are in any other great city in the United States. As a help to visitors the Exposition maintains the Exposition Hotel Bureau, an official activity which is conducted with the co-operation and assistance of a committee of representative hotel men of San Francisco, Oakland and Berkeley. This Hotel Bureau has no purpose other than to serve the public. It is not a profit making institution. If you want full particulars as to accommodations address the Official Exposition Hotel Bureau, Flannery building, Market and Kearny streets, San Francisco. In writing, it would be well to state how many there are in your party and how long you desire to stay.

There are accommodations for all in the great city by the Golden Gate, and one need only glance through the classified columns of the San Francisco papers to find how great is the variety of the accommodations offered, while a ride through the rebuilt city will show hundreds and hundreds of hotels and apartment houses, all constructed within the past eight years.

So do not fail to see the Exposition early. The journey there is a journey through the most interesting country in the world, and when you have reached the Exposition you will find the whole world spread out before you. The greatest geniuses of the age and the greatest nations of the world have contributed the earth's supremest achievements, and a visit to the Exposition is not only an education, but an inspiration.

HIGHER THAN FERRIS WHEEL

Marvelous Aeroscope at the Panama-Pacific International Exposition, San Francisco, Raises Amazed Visitors 264 Feet

FOR the seeker of amusement there is opportunity a-plenty in the great mechanical achievement, the aeroscope, on the Zone, Panama-Pacific International Exposition, San Francisco. The aeroscope is built on the order of a giant crane of a novel and intricate design, with a seating capacity of 160 and standing room for twenty more. The car is perfectly balanced, and perfect safety and a jarless ride of ten minutes are assured to passengers who enjoy this trip of 264 feet into the clouds. This is four feet higher than the Ferris wheel. Two motors control the ascent and descent in conjunction with the counterbalance of this huge car, and when it reaches its extreme height it begins to swing slowly around on the series of wheels at its base, giving the passenger a view of the surrounding country from every point.

Exposition Safeguards Visitors Against High Prices and Petty Extortion

The Official Exposition Hotel Bureau will without charge give all information as to hotels, apartment houses and living charges. Secure accommodations in advance or provide them on arrival for parties of any number at any price desired from $1 a day upward in good, modern hotels with every known convenience.

The Exposition Hotel Bureau is an official activity of the Panama-Pacific International Exposition, but is conducted with the co-operation and assistance of a committee of representative hotel men of San Francisco, Oakland and Berkeley.

The bureau can be of more direct assistance to you and others who intend visiting the Exposition if you will indicate:

First.—Whether you desire hotel or apartment house accommodations.

Second.—If hotel, whether European or American plan.

Third.—When you will arrive.

Fourth.—Probable length of stay.

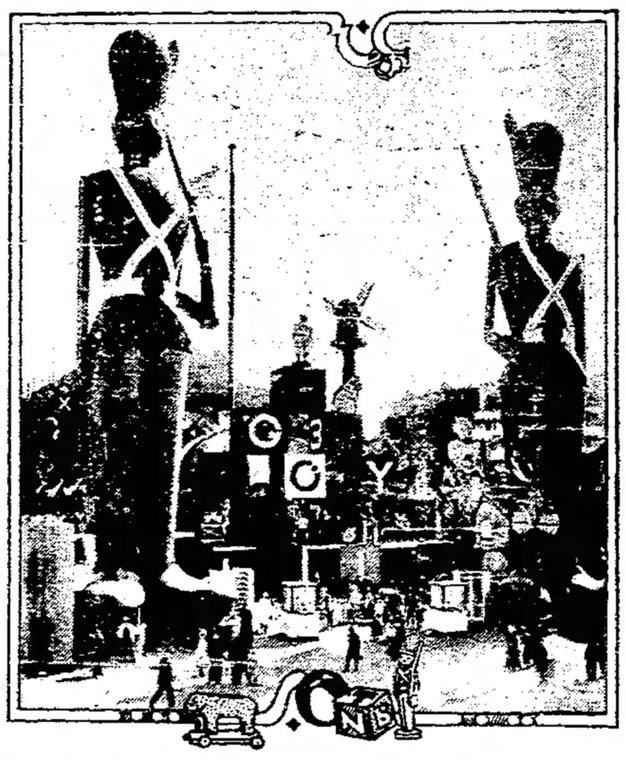
Fifth.—The number in your party.

Sixth.—The maximum rate you will pay.

With this information the bureau will furnish the names of a number of hotels, rooming or apartment houses meeting your requirements, and from this list you can make a better selection.

Address the Official Exposition Hotel Bureau, Flannery Building, San Francisco, Cal.

Toyland Grown Up Wonderful Feature at the Panama-Pacific International Exposition



SCENES in famous Toyland concession on the Zone at the Panama-Pacific International Exposition, San Francisco. In this great amusement device, which covers fourteen acres, toys are reproduced upon a gigantic scale, the figures here shown being eighty feet in height.

WOMAN COULD HARDLY STAND

Because of Terrible Backache. Relieved by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I suffered from displacement and inflammation, and had such pains in my sides, and terrible backache so that I could hardly stand. I took six bottles of Lydia E. Pinkham's Vegetable Compound, and now I can do any amount of work, sleep good, eat good, and don't have a bit of trouble. I recommend Lydia E. Pinkham's Vegetable Compound to every suffering woman."—Mrs. HARRY FISHER, 1625 Dounton St., Nicetown, Pa.

Another Woman's Case.

Providence, R. I.—"I cannot speak too highly of your Vegetable Compound as it has done wonders for me and I would not be without it. I had a displacement, bearing down, and backache, until I could hardly stand and was thoroughly run down when I took Lydia E. Pinkham's Vegetable Compound. It helped me and I am in the best of health at present. I work in a factory all day long besides doing my housework so you can see what it has done for me. I give you permission to publish my name and I speak of your Vegetable Compound to many of my friends."—Mrs. ABEL LAWSON, 126 Lippitt St., Providence, R. I.

Danger Signals to Women

are what one physician called backache, headache, nervousness, and the blues. In many cases they are symptoms of some female derangement or an inflammatory, ulcerative condition, which may be overcome by taking Lydia E. Pinkham's Vegetable Compound. Thousands of American women willingly testify to its virtue.

NEWSPAPERARCHIVE®

NEWSPAPERARCHIVE®

Local Notes

—Mary Fuller in "A Daughter of the Nile" at the Olympic today. 1t

—George E. Sherman of Detroit, Mich. is visiting friends in town today.

—David R. Clark and Margaret H. Snyder, both of this city, were granted a marriage license in Greensburg Saturday.

—The 13th episode of "The Black Box" at the Olympic today. 1t

—Mr. and Mrs. Ray Greeves and Geo. Greeves and son,George Greeves, Jr., of Manor, visited with local friends Sunday.

—Visit the Atlas Studio and have your picture taken by Datz. 1t

—Gus Datz, formerly of this city, but who has been located in Pittsburgh for some time, has returned here and taken charge of the studio which he formerly owned on Donner avenue.

—Albert Madison and Francis Myford rode to McKeesport and back to this city Saturday on their bicycles.

—The best work in the valley is turned out at the Atlas Studio on Donner avenue, by Datz, the photographer. 1t

—Mr. and Mrs. E .C. Sattley and daughter Dorothy leave this evening for the west. Mr. Sattley goes to Chicago to look after business matters, and Mrs. Sattley and Dorothy go to St. Louis to spend several weeks visiting friends.

—The concert given by the Louhi band at the Sixth street park yesterday afternoon was enjoyed by a large crowd.

—Shelby Griffith, formerly manager of the Crall flower store, who is now located in the south, is spending a three weeks vacation with friends and relatives in Monongahela and this city.

—Remember from now on the price of admission at the Star theatre will be but five cents, with as big a show as ever. You can bring the whole family and enjoy a good show at a small price. 1t

—The Suffrage association will hold a meeting this evening at 7 o'clock at the home of Mrs. J. C. F. Motz. As this is the last meeting until the latter part of August, it is hoped that all members will be in attendance.

—An all star program at the Olympic today. Be sure to be there. 1t

—Born—Friday, June 18th to Mr. and Mrs. R. L. Peterman, of Schoonmaker avenue, a son.

—Mrs. John Boddice of Reed avenue, is in Pittsburgh attending the funeral of her father who died last week.

—Now is the time to have that photograph taken at the Atlas Studio. First class workmanship by an experienced photographer. 1t

—For the third time this season Monessen is to be invaded by a carnival company, the Bancroft shows having been billed to appear at the Wireton grounds from June 28 to July 3.

The funeral of Mrs. Marie Lauer will be held tomrorow morning at 9 o'clock at the St. Leonard's R. C. church. All members of the L. C. B. A. are requested to meet at the late home of Mrs. Lauer on Reed avenue at 8:30 a. m.

—The Atlas Studio on Donner avenue is now under the management of Gus Datz, whose reputation as an expert photographer is well known throughout the valley. 1t

—The Knights of Pythias and the Pythian Sisters attended the English Lutheran church Sunday evening in a body, at which time the pastor, Rev. C. E. Keller delivered an impressive memorial sermon to the lodge members.

—James F. Boor, who is employed by the Colonial Iron Co. at Riddlesburg, Pa., arrived her Friday accompanied by his grandchildren, Dorothy and Edwin Ross for a short visit. Mr. Boor expects to return to Riddlesburg tomorrow, but the grand children will visit Mrs. Boor for some time.

—A report from the Monessen-Charleroi hospital this morning states that the condition of Mrs. Lucy Chamberlain, who was seriously injured in an auto accident some time ago on the Charelroi Speers road, is greatly improved, and her chances for recovery are very good, despite the fact that a large hole was made through her body by the shaft of a buggy.

This morning at 10 o'clock there was a game played between the Rebel A. C. and Twelfth street on the Olympic diamond, the Rebels winning by a score of 14 to 5. This was the Rebels' first game, the second will be played on the Olympic diamond Thursday. Dessent was on the mound for the Rebels with Ben Kiseda on the receiving end, and Gripp was on the mound for Twelfth street, with Meyers on the receiving end. The score by innings:

Rebels	0	0	0	5	1	5	0	3	6	—14
12th St.	0	0	2	1	0	1	0	0	1	— 5

WHAT DO YOU KNOW ABOUT WOMAN SUFFRAGE?

Fifty Dollars In Prizes Offered For Answers To Questions.

From the Antis. No Anti-Suffrage Can Compete.

The Pennsylvania Association Opposed to Woman Suffrage has issued the following questions about woman suffrage, the best answers to which will receive prizes as follows:

1st Prize	$15.00
2nd Prize	$10.00
3rd Prize	$ 5.00
5 Prizes, $2 each	$10.00
10 Prizes, $1 each	$10.00

HERE ARE THE QUESTIONS:

1. When and where was woman suffrage first established in the United States? When was it repealed, why and by whom?

2. What states have adopted woman suffrage, and when? What proportion of the total population live in woman suffrage states?

3. What states have defeated woman suffrage since 1912 at the polls? Which have defeated it since last November in their Legislatures?

4. What states have defeated woman suffrage twice at the polls? What single states have given larger majorities against woman suffrage than the pluralities for suffrage by all the suffrage states combined?

5. What is the highest known percentage of a woman electorate that has voted in a great city? What proportion of the men voted at the same election?

6. Has a majority of the women ever voted in any suffrage state? Where?

7. Is it true that 8,000,000 or 9,000,000 women "work in store, factory and shop?" What proportion of all gainfully occupied women are engaged in the home? What proportions are under twenty-one?

8. What states went "dry" without women voting? What states have gone "dry" with woman suffrage?

9. What big city where women vote allows saloons to open on Sunday in spite of State laws to the contrary, and permits saloon cabarets and liquor to be sold at public dances when the saloons are closed?

ACTIVE ANTIS MAY NOT ANSWER

No member of any anti-suffrage association may compete for these prizes. All answers should be sent to Campaign Headquarters Penna. Association Opposed to Woman Suffrage, 1101 Finance Building, Philadelphia.

The contest will close July 4, 1915.

Representative impartial citizens will act as judges.

Big Picnic At Eldora Park This Week

On Wednesday, June 23, Eldora park will be the scene of the picnic and outing of the Donora Parochial schools, and the affair will be one of the largest of its kind ever held at Eldora. Andy Wise is chairman of the committee in charge of the outing.

The largest affair of the season as well as of the week will be the annual outing of St. Jerome's church of Charleroi to be held at the park on Thursday, June 24. An elaborate program of sports has been arranged by the various committees in charge of the affair. In the afternon dancing and euchre will hold two of the most important places on the program. In the evening the chief attraction will be the dance pavilion. The committee in charge of these features have neglected nothing and everything points to one of the most enjoyable affairs of the season. General admission tickets are being sold to the park and these include use of all amusements.

Friday another big event will be held at the park when the picnic of the Washington District Convention of Epworth Leagues will be held. This comes as a conclusion to a convention being held during the week at Monongahela. This is also being carefully planned, and it is expected will attract large crowds to the park during the afternoon.

On Friday evening the regular weekly dance will be held by John Weber.

The week of June 28, several picnics and dances have been scheduled. Wednesday, June 30 the Hebrew Ladies Aid of Monessen will hold their outing.

Mohawks Won From Lock Four

The Mohawk base ball team of this city traveled to Lock Four Saturday and defeated the strong Lock Four second team, which is composed of men, while the locals are boys ranging in age from 14 to 17 years. The Lock Four team started trouble in the first inning, when they scored 5 runs on account of the loose fielding of the locals, but after this, they were held in check, while the Mohawks gradually worked into the lead. Gibson was on the mound for the Monessen boys and twirled his usual good game, and had the fielding been better, he would have won with ease.

In the last half of the ninth, with the score 11 to 9 in favor of the Mohawks, the Lock Four team looked dangerous when the next two men up succeeded in reaching first base. Gibson then tightened up and struck out the next man and McKee at short caught a fast liner and threw to second, ended the game with a fast double play. The Mohawks will play a twilight game at Belle Vernon at that place tomorrow evening.

—If you want your wagon and harness kept clean board it at Hunter's Livery stable, 153 Donner.

Cadillac Makes Another Record

C. S Duvall of the Cadillac agency in this city delivered an eight cylinder car to Ewing Hileman Saturday. This is the first car of its kind to be delivered in this city and is a model of perfection of which the local agency and Mr. Hileman are justly proud. The car was brought out from Pittsburgh Saturday without the change of gears and this despite the fact that no record run was attempted.

Word has just been received here that the Cadillac of the eight cylinder type—has set a new record for the run from Los Angeles to San Francisco, according to word received by the Cadillac Co. from Don Lee, its California distributer. Mr. Lee terms this performande the greatest road record ever made anywhere.

By road the distance from Los Angeles to San Francisci is 492 miles. The Cadillac, being driven at night, made the run in 12 hours and 10 minutes. The car left Los Angeles at 8 p. m. June 3rd, simultaneously with "The Lark" the fastest train on the Southern Pacific railroad, which makes its run between the California metropolis in 13 hours and 45 minutes. The train's time was beaten by 1 hour and 35 minutes, the motor car arriving in San Francisco at 8:10 a. m. June 4.

In order to set this new record it was necessary for the Cadillac to maintain speed great enough to average almost 40½ miles per hour. The perils of such speed are obvious when it is known that practically the entire distance was covered during the darknes of the night, over roads that rise and fall in the mountains, skirt precipitous cliffs and abound with sharp and dangerous turns.

PENNSYLVANIA CHAMPION

C. H. Newcomb Heads the Keystone State Trap Shots.

To Charles H. ("Hit 'em") Newcomb, of Philadelphia, falls the honor and responsibility of representing the Keystone State in the Interstate Association's National Amateur Championship contest at Chicago, Ill., during the Grand American Handicap, Aug. 16-20.

CHARLES H. NEWCOMB,
Pennsylvania State Champion.

Newcomb will compete with the "champs" of all the other states, but the tall Pennsylvanian's ability to hold his own against any field makes Pennsylvania trapshooters hopeful that their "favorite son" will land the coveted title.

Charles H. won the right to enter the national race by breaking 98 out of 100 targets at the Pennsylvania State Shoot at Milton, Pa., May 20.

Winning championships and high averages has been so frequent with Newcomb that it seems to have become a habit, therefore, the genial amateur wears his latest crown with becoming modesty, a fact that but adds to his popularity in trapshooting circles.

TOM MARSHALL—DEAN OF SHOOTING FRATERNITY

Thomas A. Marshall, in addition to the "Mr." to which every American is entitled, has the right to use "Captain" and "Hon." before his Christian, "middle" and surname. The first because of his captaincy of the all-American trapshooting team that cleaned up the British Isles in 1901: the second "handle" comes from h's having been mayor of Keithsburg, Ill., but to several hundred thousand trapshooters, Marshall is known as just "Tom," and it is this that the wholehearted westerner likes best of the several prefixes.

THOMAS A. MARSHALL,
Veteran Trapshooter.

To the braves of the Okoboji Indian tribe, Tom is Chief Long Talk, and he holds the job of High Chief. Marshall's fund of trapshooting lore and his ready wit earned for him the Aborigine cognomen. Of course, the Okoboys are just make-believe Indians, but as trapshooters they are the real things, as the scores which will be recorded at Cedar Point, O., June 29th and July 1 will prove.

Far famed as is Tom Marshall as the official trapshooting orator and jokesmith, his ability with a shooting iron has also made his name known on both sides of the Atlantic. One of the honors that he bears with characteristic modesty is that of winner of the 1897 Grand American Handicap at New York. As a member of the northern team that invaded the south in 1891, Tom's high scores helped in winning every match with the Dixie sportsmen.

That time has not dimmed the shooting eye of Capt Tom is shown by his 1914 registered tournament average of .9024, which was hung up by breaking 2444 targets out of a possible 2650. This quality of shooting won't do credit to a younger nimrod than Marshall, yet it was but the marking of an advance over the veteran's 1913 percentage of .9218.

Another evidence of trapshooting's rightful claim to the title of national sport was the recent Fred Gilbert week during which more than five hundred trapshooting clubs paid tribute to the world's greatest shot by holding shoots and firing more than a million shells.

Some forty states will stage amateur championship shoots to determine the eligibility of trapshooters to battle for the national amateur title at Chicago in August.

For Manly Men

We have purposely made up a tobacco to appeal to the strong, vigorous man who wants *full flavor* and *fragrance* combined with honest *sweetness* in his smoke or chew. This tobacco is FIVE BROTHERS. It is designed *especially* to satisfy the tobacco-*hungry* man. It fills the bill.

Firemen, policemen, out-of-doors men, two-fisted men in general, all say FIVE BROTHERS *satisfies*. Once they start using FIVE BROTHERS they cannot get the same satisfaction out of any other brand.

FIVE BROTHERS

Pipe Smoking Tobacco

has character to it. That's why it appeals to and pleases these men of sturdy character.

FIVE BROTHERS is made from pure Southern Kentucky leaf, aged for three to five years, so as to bring out slowly and naturally all the juicy *mellowness* and *richness* of the tobacco. That's why its quality never varies—and that's why hurried-up, hashed-up tobaccos can't compare with FIVE BROTHERS.

In strenuous hours of work or in pleasant hours of relaxation, be sure to have some of this wonderful tobacco with you.

FIVE BROTHERS is sold everywhere—get a package today.
